FROM: Peter Tennant, ORSANCO

SUBJECT: Announcement of 199th Technical Committee Meeting – June 12-13, 2012, Wheeling, West Virginia

The 199th meeting of the ORSANCO Technical Committee will take place on Tuesday, June 12 and Wednesday, June 13, 2012 at Oglebay Park in Wheeling, west Virginia. The meeting will begin at 1:00 pm EDT on Tuesday and will conclude by 12:00 noon on Wednesday.

The Technical Committee meeting will be held in conjunction with the 203rd Commission meeting, which will be held on Thursday, June 14, 2012 at the same location. Hotel arrangements for Technical Committee members and invited participants will be made through this office; you should have received information from Tracey Edmonds on those arrangements.

The Commission will reimburse travel expenditures for members of the Committee or their authorized representatives as well as invited participants, including Subcommittee chairs. If you are unable to attend the meeting but wish to send a representative, please let us know as soon as possible in order that we may authorize payment of their travel expenses.

A preliminary agenda for the meeting is attached. I call your attention to Agenda Item 10, Member Updates and Interstate Water Quality Issues, which will require preparation on your part.

If there are any additional items that you feel should be included, or if you need any assistance with your travel arrangements, please contact Jason Heath or me; Jason will be assuming the role of staff liaison to the Technical Committee as part of his new responsibilities. The final agenda package with supporting materials will be mailed to you on or before May 24, 2012.
